Established in 1938, **Canadian Power & Sail Squadrons (CPS)** is a nationwide organization of recreational boating enthusiasts. CPS is a charitable organization with over 30,000 active members. Our volunteer instructors help recreational boaters improve their boating safety knowledge as well as their vessel handling and navigation skills. Successfully complete the Boating Course or Boat Pro and receive a one year complementary membership to CPS with access to member benefits.

Distress Signalling

Just one flare could save your life

Volunteers Teaching Safe Boating

Distress Signalling

Do you know what mandatory distress signals are required for your boat? Do you know how to use them? Can you signal a distress situation in all conditions (day and night)?

The Distress Signalling seminar will train your family on the use of flares as well as non-pyrotechnic signals.

One flare may make all the difference in an emergency. Take the Distress Signalling Seminar today!

Topics

- » Types of flares & their operation
- » Principles of signalling
- » Regulations governing the use of distress flares
- » Suggested distress signals to be carried on board
